

dōTERRA

Loyalty Program

Imagine receiving a personalized wellness box every month filled with all your favorite dōTERRA products.
It's simple and comes with great benefits.
That's exactly what the loyalty program offers you.

Loyalty is rewarded:

You start with 10% loyalty points during the first three months; these will be credited to your account after you place an order.

After that, your bonus increases by 5% every three months until you reach 30%. You can then redeem these points for products.

What does PV stand for?

PV stands for product volume. Each product has a specific value based on its price. Your orders earn points that can be used for rewards and promotions in the loyalty program.

**Shipping Points on Top:**

When you order online, even your shipping costs are credited to your loyalty points. This way, you earn even more points that you can redeem for your favorite products - a great way to get even more out of your loyalty program.

**Flexible and personalized:**

Customize your wellness box to suit your preferences. You can adjust it at any time or add your new favorite products. Your well-being, your routine, your perfect order.

The loyalty program is the most practical and cost-effective way to ensure you have a steady supply of products that are good for you. Get started now and enjoy the small steps that will help you achieve long-term well-being.

Money-Saving Tip:

If you place an order of at least 125 PV by the 15th of the month, you'll receive the exclusive Product of the Month for FREE.

You can get more information about this from your wellness advisor.
